How to Import by API File KoleImports.com New Products or Upgrade / Synchronization of Large-Scale Product Inventory

01) Create your account at Kolelmports.com as a Merchant or Partner, for more information, please visit: https://dropship.koleimports.com

Get the link in XML format of the product catalog

- 02) After accessing the Control Panel
- 03) After login click on Catalog> Import and Update Product Feeds
- 04) Click Insert, fill in the fields:

Feed Name: koleimports

Supplier: koleimports (Add new case not listed)

URL or File: URL

URL: Fill in the field with the feed URL (Example:

https://dropship.koleimports.com/download/{FEED ACCESS KEY} / xml)

Percentage to increase in price: Set the percentage of profit on the wholesale

product price of koleimports

Currency of the Feed: US Dollar - USD

Status: Active

Status of Products on Import: Active

- 05) After clicking the Insert button
- 06) To import the products and synchronize the stock click on the Load Feed link (Recommended click once not to overload the server, if you overload the server your account is subject to suspension or blocking, it is recommended to hire a dedicated server, vps or cloud). To update stock, click the Load Feed link. Update the stock once a week or once a day at less access times, between 10pm and 6am.
- 07) Products will be imported for each Category specified by koleimports.
