

MFORMULA Live Help - Online Help System

How do I generate the online answering system button to insert into my site?

01) Access control panel

02) After login as Primary Administrator click on Button

03) Choose the image and style of the window. Select the Include Hostname and Mod_security Compatibility (modsecurity.org) options, enable it only in case of problems

04) Copy the HTML code of the button and insert it in your site
