How do i import and update the virtual stock of BigBuy by file?

First you need to create account and wait for approval, go to:

<https://www.bigbuy.eu/>

After obtaining your approved registration, go to: <https://www.bigbuy.eu/en/files-csv-xml.html>

Download by selecting General XML and CSV Categories, you can select the languages Portuguese, English and Spanish.

01) Access the Control Panel

02) After login click on Catalog >> Import and Update Product Feeds

03) Click the Insert button

04) Fill out the following form:

Feed Name: BigBuy

Vendor: If a BigBuy supplier already exists select or add a new one click Yes on the option: Add New

If you are going to add a new one fill in the fields:

Supplier Name: BigBuy

Description: BigBuy

URL or File: Select File

In the File field, upload the XML file.

Note: Because BigBuy provides download by categories and languages, you must upload each one after uploading the feed.

Example: files-products-xml-standard-product-2399-en.xml or files-products-xml-standard-product-2399-en.xml or files-products-xml-standard-product-2399-en.xml

In the Category File field, upload the CSV file of the categories.

Note: Because BigBuy provides download by categories and languages, you must upload each one after uploading the feed. This file must be the same file ID of the products, so that the products upload is carried out for the correct category.

Example: files-categories-csv-prestashop-category-2399-en.csv or files-categories-csv-prestashop-category-2399-en.csv or files-categories-csv-prestashop-category-2399-en.csv

Percentage to increase in price: Set the percentage of profit on the price of the product provided by BigBuy.
