

## How to set up automatic update of several products in SKYHUB Marketplace of the latest updated products?

01) Access the Control Panel

02) After login click on Configuration >> SKYHUB

Select Enable SKYHUB Marketplace Auto Products Update

Change to true and click the UPDATE button

- - - -

Select SKYHUB Marketplace Number of Auto Products Update

Set the total amount of products to be updated at one time, recommended maximum of 100 not to overload your server and SKYHUB Marketplace

- - - -

Select SKYHUB Marketplace Last Days of Auto Products Update

Set the days of the latest updated products

Example: 5

Refers to products updated from the last 5 days

- - - -

Access the Control Panel >> Catalog >> SKYHUB Marketplace

Click Automatically Update Multiple Products to process updates for multiple products at once

You can configure a crontab for the link so that this process is automatic
